Cornwall and Isles of Scilly

Freedom of Information Act 2000
NHS Cornwall and Isles of Scilly Integrated Care Board's response to information request

Date request received: 12 August 2026
FOI ref: 108160
Date response sent: 08 September 2026

Requested information

Under the Freedom of Information Act 2000, I am seeking information about how responsibility for print, multifunction devices (MFDs) and related back-office IT is governed across your Integrated Care Board (ICB) following the 2026 ICB mergers/clustering and the transfer of functions set out in the Model ICB Blueprint. Please answer at ICB (and, where relevant, cluster) level.

Ownership & budget (post-restructure)
1. Following the 2026 ICB merger/clustering and the transfer of functions to providers under the Model ICB Blueprint, which organisation now holds the budget for print / MFD / managed-print and back-office IT — the ICB, the ICB cluster, or the individual provider trusts?
2. Who (job title / team) is now responsible for print and digital-infrastructure procurement decisions across your footprint?
3. Is print / back-office / digital procurement being consolidated to a cluster, regional or shared-service level? If so, which body, and by when?
4. Does the ICB (or its cluster) operate any shared or consolidated print / managed-print contract across its constituent organisations, or does each trust procure independently?
5. Under the 'strategic commissioner' model, will the ICB commission any shared digital or print infrastructure on behalf of its providers?
6. Who is your Chief Digital & Information Officer (or equivalent) and the Senior Responsible Owner for the digital and print estate, and which committee signs off digital-infrastructure investment?
7. Which procurement framework(s) do you expect to use for any future print / MFD procurement (e.g. CCS RM6361, NHS LPP, NOE CPC, NHS Supply Chain, NHS SBS)?

Managed print at ICB level (only if held by the ICB)
8. Do you hold a managed-print contract at ICB level? If so, please give the incumbent supplier, contract end date, annual spend, and print-management software used.
9. Do you have any planned procurement to put in place or re-tender print / MFDs in the next 24 months? If so, when and via which framework?

Response

Ownership & budget (post-restructure)

1. Following the 2026 ICB merger/clustering and the transfer of functions to providers under the Model ICB Blueprint, which organisation now holds the budget for print / MFD / managed-print and back-office IT — the ICB, the ICB cluster, or the individual provider trusts?

NHS Devon and NHS Cornwall and the Isles of Scilly are still currently separate legal entities and currently both have separate budgets and arrangements for print / MFD / managed-print and back-office IT.

2. Who (job title / team) is now responsible for print and digital-infrastructure procurement decisions across your footprint?

NHS Cornwall and Isles of Scilly does not give names of staff below executive level. Executive responsible for digital is Peter Collins, Chief Population Health Officer. Email via contact us form.

3. Is print / back-office / digital procurement being consolidated to a cluster, regional or shared-service level? If so, which body, and by when?

The digital teams in NHS Devon and NHS Cornwall and the Isles of Scilly are jointly assessing our options for IT and Digital services across the new ICB cluster. This includes print.

4. Does the ICB (or its cluster) operate any shared or consolidated print / managed-print contract across its constituent organisations, or does each trust procure independently?

NHS Devon and NHS Cornwall and the Isles of Scilly are still currently separate legal entities and currently both have separate budgets and arrangements for print / MFD / managed-print and back-office IT.

5. Under the 'strategic commissioner' model, will the ICB commission any shared digital or print infrastructure on behalf of its providers?

NHS Cornwall and Isles of Scilly ICB does not hold this information.

6. Who is your Chief Digital & Information Officer (or equivalent) and the Senior Responsible Owner for the digital and print estate, and which committee signs off digital-infrastructure investment?

NHS Cornwall and Isles of Scilly does not give names of staff below executive level. Executive responsible for digital is Peter Collins, Chief Population Health Officer. Email via contact us form.

7. Which procurement framework(s) do you expect to use for any future print / MFD procurement (e.g. CCS RM6361, NHS LPP, NOE CPC, NHS Supply Chain, NHS SBS)?

NHS Cornwall and Isles of Scilly ICB does not hold this information.

Managed print at ICB level (only if held by the ICB)

8. Do you hold a managed-print contract at ICB level? If so, please give the incumbent supplier, contract end date, annual spend, and print-management software used.

Cornwall ICB has no contract for managed print services, print services are provided by our landlord (Cornwall Council) as part of our lease arrangement.

9. Do you have any planned procurement to put in place or re-tender print / MFDs in the next 24 months? If so, when and via which framework?

NHS Cornwall and Isles of Scilly ICB does not hold this information.
