Dear,

Freedom of Information Act ('FOIA') – Request for Internal Review

On Sunday 20 September 2026 we received an email from you expressing your dissatisfaction following receipt of our response to your Freedom of Information request, reference, FOINHSD26/1853.

Dear FOI team

Thank you for your response.

I would like the ICB to explain further why it has used the section 43 exemption to avoid revealing the names of the GP practices.

I believe it is reasonable to request this because the vast majority of the other ICBs who received an identical request for information did not identify commercial sensitivity and were able to share all the information I requested.

The ICB has also not said how it considered the public interest in this case and how it decided the commercial interests of the ICB outweighed the public interest.

Outcome of the internal review

NHS Devon has reconsidered the rationale for the application of exemption 43 (2) - Commercial interests. The exemption has been withdrawn, and the information held is now disclosed in full. Please note. The information supplied is for the 2025-26 Utilisation and Modernisation Fund projects as the 2026-27 are still being processed.

NHS Devon can only source the total in response to column H, potential appointments capacity created.

Satisfaction

If you remain dissatisfied with the outcome of the independent review, you have the right to appeal again to the Information Commissioner at:
Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF
